PRODUCTION SUPPLIES LTD.

TOTAL MACHINING SOLUTIONS

Innovative Products and the Highest Level of Service to the Machining Industry

- For over a half century, Hwacheon has made history in the Korean Machine Tool Industry with accumulated knowledge and technological expertise

- Deep Hole Drilling Systems
- Machines + Tooling + Automation

- Kasto universal sawing machines for workshop use to high-performance band sawing machines for the industrial cutting of large bar, blocks and plates

**Fanuc Automation**

- Advanced Automation Options and Turn Key Solutions

## Methods

**KIWA**

**YASDA**

**OKK**

- Smaller Footprint
- Larger Machine Capacities
- High Rigidity, High Precision

- 3-axis vertical and 5-axis bridge type Machining Centers
- Made to Methods' design and engineering standards
- fully backed by Methods industry-leading service and support

- Long-term Precision and Rigidity
- Meets Your Exacting Standards

- Eco-friendly machine tools
- Higher level technologies
- Stable quality and supply worldwide
- A step ahead of customer needs and expectations

- Made in Canada
- The Xena Lathes and mills are assisted with the Tachyon/Fagor controller
- Is the culmination of decades of industrial development in machining

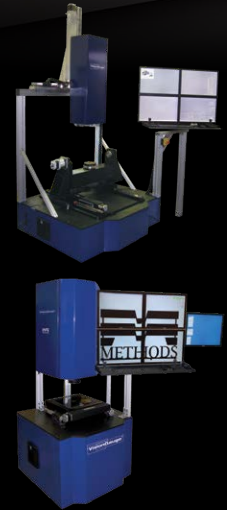

- Cosen offers 140 models including vertical, horizontal, miter-cutting, NC & CNC automatic and customized band saws. Capacity ranges from 7 to 126 inches; cutting materials from steel to titanium, chromium and silicon.

- Rigidity. Accuracy. Reliability.
- Manual lathes, Surface Grinders, Cylindrical Grinders, Radial Drills, 5-axis Vertical Machining Centers, box way VMC's, linear VMC's and small footprint Mini Mills.

- VISIONx INC. specializes in automated imaging, visual inspection and high accuracy measurement solutions

## Applications and Services

Edge Production Supplies Ltd. offers Industrial Machine Tool Services for clients in Manufacturing, Machine Shops, and Fabrication Facilities. At our core, we practice Quality, Accuracy, Sustainability, and Continuous Improvement through Industry Training. We have experienced Journeyman Millwrights on staff that have manufacturers training on a variety of machine tools.

## WE SERVICE AND SUPPORT FANUC CNC CONTROLS & AUTOMATION

Edge Production Supplies Ltd. strives to offer accurate solutions with a diverse offering of services that exceed our clients requirements and expectations.

Some of our Services include:

- CNC Machine Tool and Manual Machine Repairs • Full Preventative Maintenance Plans
- Machine Tool Alignments and Rebuilds • CSA Certifications for Machinery • Machinery Installations
- Machinery relocations within your facility • Machine Shop relocations • Decommissioning
- CNC & PLC Controls Troubleshooting & Repairs • PLC Programming • Repair Live Toolholders and Live Centers
- Repair Schmidt Marking Systems • Fully Documented Safety Procedure and Program
